

Community RelationsParent Organizations

The Board of Education encourages the establishment of parent organizations in the school. Such organizations are vital factors in establishing and maintaining positive home-community-school relationships and their value is recognized by the Board. Parent organizations should coordinate their efforts through the school's administrative offices, prior to planning events or activities.

The Board of Education supports the concept of using volunteers in the school, not to replace professional staff, but to enrich the educational opportunities for the students.

The Board of Education shall cooperate in community planning with other civic, educational and municipal organizations in the area.
