

# HOLDREGE PUBLIC SCHOOLS

An Equal Opportunity Agency

## ANNUAL REPORT TO PATRONS

### A note from Todd Hilyard, Superintendent

In reading through the Holdrege Public Schools Annual Report, we hope that you see that we are working every day to empower all students for success, all while emphasizing fiscal responsibility to our patrons.

We know that we have great community support and that there is a direct relationship between this support and the quality of our schools. Holdrege Public Schools has a long-standing tradition of dedicated staff members. These staff members, coupled with parents who truly care about their child's education, community members who are solution based, and a consistently progressive school board, have allowed us to provide for an amazing learning environment for our students. Together, all of the entities are committed to the Holdrege Public Schools' mission of preparing students to be lifelong learners and productive, responsible citizens by providing a quality education in cooperation with family and community.

It is my privilege to serve you as the HPS Superintendent. Thank you for your help in making the Dusters one of the most well respected districts in the State of Nebraska. Go Dusters!

### Statement of Philosophy

The Holdrege Public Schools have been established by this community for the purpose of preparing students to assume their place as responsible, productive citizens in our community, state, nation, and world. To accomplish this we must endeavor to provide experiences and opportunities for each individual to develop to their fullest potential. We must impart not only knowledge, but the thinking skills to put our knowledge to use. We are charged with assisting the student to acquire the skills, attitudes, appreciations, and insights which will help him or her to live effectively and productively in a challenging and changing world.

### Mission

The mission of the Holdrege Public Schools is to prepare all students to be lifelong learners and productive, responsible citizens by providing a quality education in cooperation with family and community.

### Governing Values

We believe ...

- that everyone deserves to be treated with dignity and respect.
- that we must demonstrate, encourage, and expect responsible behavior.

- that all students are individuals with unique talents and abilities.
- that all students should be given the opportunity for an appropriate education to help them reach their potential.
- that we are committed to prepare our students for the future.
- that schools should provide an inviting and stimulating environment for all.
- that learning is a lifelong process with responsibility shared by the learner, school, home, and community.

### Board of Education

The HPS Board of Education meets in regular session monthly, with special meetings as needed. All meetings are open to the public and follow the Open Meetings Act as established by statute. Meeting agendas are available online and Board policies are posted on the school website.

HPS Board of Education (LtoR): Alex McClymont, Tim Gustafson, Shaun Jensen, Michael Waller, Teresa Kroll, and Brian Rust

### District Location & Facilities

HPS District #69-0044 covers 183.2 square miles in Phelps County and 31.2 square miles in Harlan County. District attendance centers include Holdrege High School, Holdrege Middle School, Holdrege Elementary School, and the HPS Early Childhood Education Center.

The Tassel Center for the Performing Arts was gifted to HPS in 1999 by the Phelps County Community Foundation, Inc. The Tassel provides a setting for students to showcase their talents in music, speech, and theatre.

### Educational Programs & Services

Holdrege Elementary School was completed for occupancy at the beginning of the 2015-16 school year. The building also houses the HPS Early Childhood Education Center.

Holdrege Elementary School provides a

developmentally appropriate educational environment for all K-4 students. Instruction is offered in all curricular areas with the use of current instructional practices with technology used to enhance learning opportunities. Title I reading and math, Response to Intervention, special services, and other programs are available to students.

The HPS Early Childhood Education Center program provides educational services which strive to assist preschool children in achieving language, cognitive, socio-emotional, and physical gains.

Holdrege Middle School is dedicated to the development of the 5-8 grade students intellectually, socially, and emotionally by providing solid core and exploratory academic programs that allow students to discover interests and personal academic goals. HMS seeks to work in partnership with parents and students to help make the transition smooth from elementary to high school by providing the best opportunities available for each student to be successful.

Holdrege High School is a comprehensive secondary school serving 9-12 grade students by promoting a solid work ethic, citizenship, and academic success for all students. Students are encouraged to develop a sense of responsibility that enables them to be both self-disciplined and self-reliant. With the use of the 1:1 technology enhanced learning environment, the High School is dedicated to provide 21<sup>st</sup> century learning opportunities and skills by all teachers in all subject areas.

HPS identifies high ability learners and provides an integrated program for all students using differentiated instruction and emphasizing problem solving techniques, high level thinking skills, and opportunities for creativity. Advanced placement courses, as well as participation in quiz bowls, summer honors program, and other challenging experiences are made available to students. HPS participates in the High Ability Learner Education Consortium through Educational Service Unit #11.

Title I services are provided for all students in grades K-4 who show need for extra assistance in reading and mathematics skills. Parent involvement to emphasize reading is a successful part of the program.

Services are provided for students identified as "limited English proficient".

Summer school is available for students in grades K-4, while summer session credit recovery is available for middle school and high school students.

HPS educates students with disabilities alongside students who do not have disabilities

## 2018-19

For additional information, see the 2018-19 Nebraska Department of Education's Nebraska Education Profile at <http://nep.education.ne.gov/snapshot.html#69-0044-000>

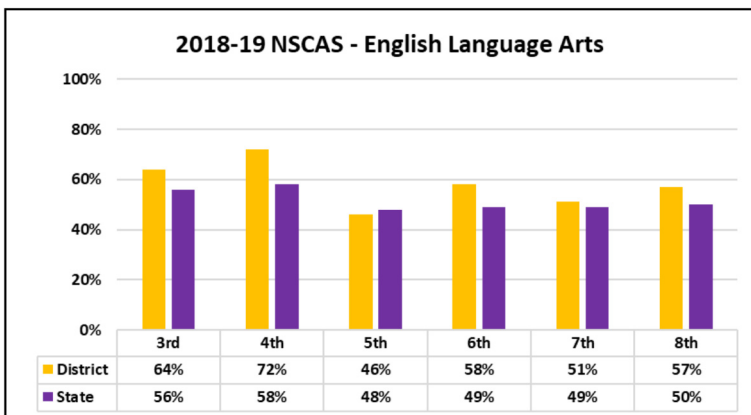

### Nebraska State Accountability (NSCAS)

The Nebraska Student-Centered Assessment System (NSCAS) assessments are given each spring. Students are assessed in math and English language arts for grades 3-8, and grades 5 and 8 are assessed in science. The assessments evaluate student comprehension of content standards appropriate for each grade level tested. A new math assessment was given during the spring 2018 assessments that fully aligned with Nebraska's math standards passed in 2015.

New benchmark indicators for the ELA and math assessments were established for the spring 2018 assessment to differentiate scores from previous years to reflect the changes to the assessments. The indicators ranges reflected the rigor and grade level of each content assessment. The range for

the ELA assessment is 2220-2890 and the range for the math assessment is 1000-1550. The science assessment indicators stayed the same, which include: Below Standard - 0-84, Meets Standard 85-134, and Exceeds Standard - 135-200. This was the final year with the science assessment aligned to the legacy science standards. A new assessment will be given in spring 2020 that will have new benchmark indicators.

The NSCAS assessments continue to be updated and changed to reflect the changes made to content standards and technology advancements. The NWEA platform will allow for the ELA and math assessments to be semi-adaptive to differentiate questions based on student answers to better reflect student knowledge. Currently, the state is working to update the NSCAS science assessment to align with state standards passed in 2017.

- English Language Arts assessment scores continue to increase for most grade levels from the previous year.
- HPS students matched or outperformed state averages for NSCAS in twelve of the fourteen assessments.
- The average difference of students who were On Track/College & Career Ready between Special Education and Non-Special Education were: NSCAS-ELA: 49%, NSCAS-Math: 42%, and NSCAS-Science: 45%.
- The average difference of students who were On Track/College & Career Ready between Free & Reduced and Non-Free & Reduced were: NSCAS-ELA: 26%, NSCAS-Math: 24%, and NSCAS-Science: 28%.
- District MAP Reading and Math scores are above the RIT End-Year Norms (2015) scores in all grades with the exception of Kindergarten. District average above Norm scores were MAP Reading: 3.6; MAP Math: 5.5. A RIT score is an estimation of a student's instructional level and measures student progress/growth in learning.
- An average difference of 17 RIT points in Math and 16 RIT points in Reading separated the performance of Special Education and Non-Special Education students.
- An average difference of 9 RIT points in Math and 8 RIT points in Reading separated the performance of Free & Reduced and Non-Free & Reduced students.
- District ACT scores that were On Track/College & Career Ready were higher than the state average by 4%. HPS students outperformed the state in all assessment areas: ELA 2%, Math 8%, and Science 1%.
- DIBELS scores increased by an average of 24 points over the school year. By spring, students in all grades tested out-performed benchmarks by an average of 8.1 points.
- Overall, HPS students are achieving academic success and performing at or above the state averages and set benchmarks for NSCAS, MAP, ACT, and DIBELS.

## 2018-19

For additional information, see the 2018-19 Nebraska Department of Education's Nebraska Education Profile at <http://nep.education.ne.gov/snapshot.html#69-0044-000>

### Measures of Academic Progress (MAP)

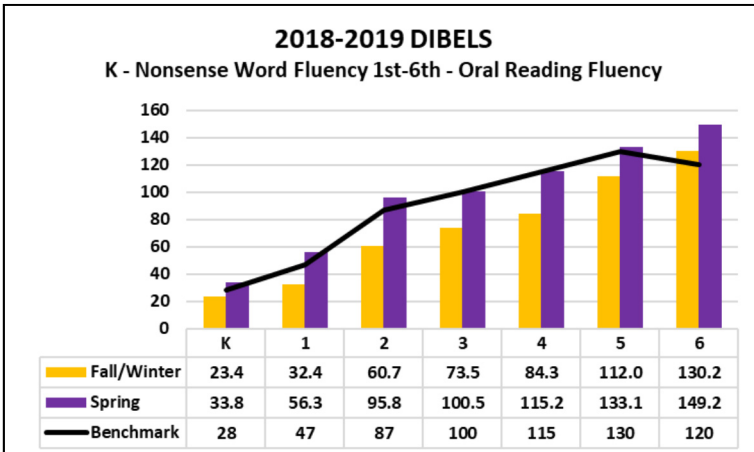

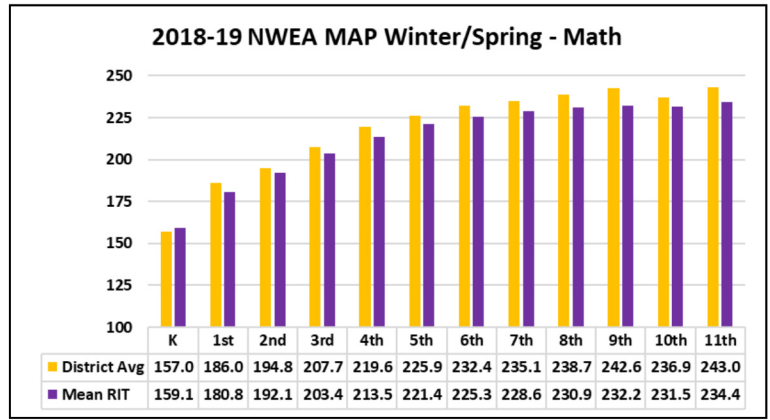

Measures of Academic Progress (MAP) assessments are given to grades K-11 twice a year to measure student achievement and academic growth. The assessments are used to inform teaching and learning practices of where students currently are in their learning and where they need to go for continual growth. MAP scoring indicators include: 0-40% Low—Low Average Performance; 41-80% Average—High Average Performance; and 81-100% High Performance.

### DIBELS

DIBELS testing is used to assess student phonemic awareness, phonics skills, and oral reading fluency to enhance student reading abilities. The assessment is given to all students Kindergarten through 6<sup>th</sup> grade, three times a year (fall, winter, and spring). Kindergarten-6<sup>th</sup> grade students increased their DIBELS performance by an average of 24 points in the 2018-19 school year. Additionally, by the time of spring testing, students outperformed grade level benchmarks by an average of 8.1 points.

### ACT

The ACT is a college readiness assessment students can choose to take that can inform their level of performance in preparation for college. The content areas assessed are in English, math, reading, science, and an optional writing test. Those assessments are then filtered into one of three main assessment scores. All 11<sup>th</sup> grade students are required to take the ACT in place of Nebraska given assessments. Nebraska has set cut scores for each of the main three areas (ELA, math, and science) that indicate whether students are performing at a Developing, On Track, or ACT Benchmark level. The assessment is at no cost to the students and the scores are used within our district to measure student performance.

## 2018-19

### Student Enrollment 2018-19

Total Enrollment - 1,101

- PK/Early Childhood - 50
- Grades K-4 - 368
- Grades 5-8 - 331
- Grades 9-12 - 352

2018-19 ENROLLMENT (last Friday in September)	
PK/Early Childhood	50
Kindergarten	80
Grade 1	66
Grade 2	67
Grade 3	73
Grade 4	82
Grade 5	80
Grade 6	76
Grade 7	89
Grade 8	86
Grade 9	72
Grade 10	80
Grade 11	94
Grade 12	106
<b>TOTAL</b>	<b>1,101</b>

### Operating Budget

- Regular Instruction - 56.0%
- Special Education - 14.4%
- Special Programs - 3.3%
- Administration - 4.2%
- Board of Ed/Supt & Business Support - 4.7%
- Support Services - 6.9%
- Plant Operation & Maintenance - 7.7%
- Transportation (Bus Route) - 2.9%

### Free & Reduced Meals Percentage

- Free & Reduced - 38%
- Non Free & Reduced - 62%

2018-19 Staffing	
Certified Staff—Teachers, Special Services, and Administrators	99.74 FTE
Professional Staff—School Psychologist & Nurse	3.00 FTE
Paraeducators & Aides	31.60 FTE
Administrative Support, Clerical, Custodial, Route Bus Drivers, Other	22.40 FTE
100% of HPS Teachers are NCLB/ESSA Qualified	
HPS Teachers Average 19.65 years of Experience	

### Funding Sources

- Local & County - 87.2%
- State - 9.5%
- Federal - 3.3%

### Special Education Percentage

- SPED - 20%
- Non-SPED - 80%

### 2018-19 Transportation & Activities

Student Activities logged 79,176 miles

80% of Holdrege High School Students participated in at least one Student Activity

344 PK-12<sup>th</sup> Grade Students were transported 60,517 miles on Bus Routes & Courtesy Shuttle

### 2018-19 Valuation, Levy, & Per Pupil Cost

District Valuation	\$1,105,562,492
General Fund Levy	\$0.960000
Bond Fund Levy (New Elem.)	0.110000
Building Fund Levy	0.070000
QCPU Fund Levy	0.000000
<b>TOTAL LEVY</b>	<b>\$1.140000</b>
<b>Per Pupil Cost (ADM)</b>	<b>\$11,782</b>

in the regular education environment, unless the nature or severity is such that education in regular classes using supplementary aids and services cannot be achieved satisfactorily. Special services are provided to those students who have been referred by the Student Assistance Team and verified by the Multidisciplinary Team. Teachers and specialists provide the following services to children with disabilities: resource assistance; speech/language, occupational, and physical therapy; behavioral services; audiology and vision services; and transition program services.

### Accreditation

The District is accredited by the State Department of Education and was awarded continuing accreditation through spring 2024. Our visit was conducted by three Nebraska administrators who reviewed our policies, procedures, and practices over two days in March 2019.

In off-site and on-site review sessions, the Nebraska Frameworks External Review Team examined artifacts and evidence provided by the district. During the on-site portion of the review, the team reviewed additional artifacts, collected and analyzed data from interviews, and conducted observations.

The team was comprised of three Nebraska educators. Over the course of the review, the team gathered evidence, made observations, reviewed artifacts, and interviewed representatives from a variety of stakeholder groups. The district was well-prepared for the review and provided extensive artifacts and

evidence for the team to review. These documents included profile information, district and school accreditation reports, district and school performance data, stakeholder feedback data, teaching and learning evidence, and a host of other documents that aligned to the Nebraska Frameworks standards. The district's approach to completing the Executive Summary and Self-Assessment was thorough and comprehensive which contributed to a comprehensive insight into the operation of the district.

Using the evidence collected, the team engaged in dialogue and deliberations concerning the degree to which Holdrege Public Schools met the recommendations given by Nebraska Frameworks. As a result of interviews, observations, and review of evidence, it was clearly evident that school leadership and staff at all levels of the district are committed to a culture that is based on excellence and shared values and beliefs. The district was commended for their work on establishing a common language through the use of the Marzano Instructional Model. The implemented model helped to provide a culture of change to a growth mindset and focused efforts on staff development for all educators in the area of teaching and learning.

The primary academic goal of Holdrege Public Schools over the last several years has been improvement in the area of reading. The team commended the district for establishing policies and procedures in order to monitor and support instructional practices in reading. Through the Response to Intervention process, new K-12 English Language Arts curriculum, professional development, and a commitment to increased time devoted to reading, this goal has become a reality.

Additional commendations related to the district's focused motto of "Stand as One" to connect with our stakeholder groups of students, staff, parents, and community. Efforts to create environments of learning that are welcoming were evident for the accreditation team to see and were supported by interviews with students, staff, and parents. Students expressed their appreciation for having schools that were safe and supportive that offered a variety of activities to participate in.

The team provided the district four required actions as follows:

- Continued implementation of the Marzano

Instructional Model and alignment of the teacher evaluation process for consistent district-wide expectations. Revisions of the current teacher evaluation tool were in the beginning stages at the time of the visitation.

- When establishing goals for the next cycle, building and district level goals should be aligned for measuring student growth and related to a determined focused area of improvement.

- Utilizing the newly established Multi-Tiered System of Supports (MTSS) process, the district would benefit from exploring a more comprehensive approach to such areas as core intervention, in-depth curriculum inquiry, and behavior expectations.

- Establishing increased rigor, when possible, for students by offering a variety of instructional strategies and programs at all levels.

Over the course of the review, the team found that the Holdrege Public Schools has established a sound educational program, engages in systemic thinking and actions, and provides a safe and welcoming learning environment for all students, staff, and parents.
