

New ConstructionFacilities - Remodeling

A plan for future building modifications shall be maintained and continuously updated for inclusion in planning for construction. These planning elements shall be followed:

- A. Superintendent shall submit requests for building modifications by March 1 of each year.
- B. Superintendent requests for building modifications shall be considered in terms of priorities.
- C. Safety and health of students and staff will be considered when remodeling is undertaken.
- D. Priorities have been established by the Board of Education when considering remodeling project needs.
 - 1. Correction of safety and health deficiencies
 - 2. Housing of students
 - 3. Projects must meet program requirements, including outdoor space
 - 4. Projects needed to maintain the integrity of current Holdrege Public Schools buildings
 - 5. Repair/renovation of ancillary facilities
 - 6. Parking
 - 7. Security

Major remodeling may follow the same procedure as new construction but there are also alternate provisions for that work which can be done without architectural services.
