

Community RelationsTobacco Policy

The use of tobacco products is prohibited in all school buildings, in all school vehicles, and on all property or grounds owned by the school district.

Smoking shall also be prohibited in any area where school staff, students, or members of the public may be present or may be affected by smoke, including without limitation, the stands and bleachers of outdoor athletic fields and near the entry of school buildings. For purposes of this policy, tobacco means any tobacco product (including but not limited to cigarettes, cigars, and chewing tobacco), vapor products (such as e-cigarettes), electronic nicotine delivery systems, alternative nicotine products, tobacco product look-alikes, and products intended to replicate tobacco products either by appearance or effect.

This does not preclude adults from wearing non-visible nicotine patches, or using nicotine gum without displaying the product container, as part of a smoking cessation program.
