#### STUDENT FEES

The Board of Education of Holdrege Public Schools adopts the following student fees policy in accordance with the Public Elementary and Secondary Student Fee Authorization Act.

The District's general policy is to provide for the free instruction in school in accordance with the Nebraska Constitution. This generally means that the District's policy is to provide free instruction for courses which are required by state law or regulation and to provide the staff, facility, equipment, and materials necessary for such instruction, without charge or fee to the students.

The District does provide activities, programs, and services to children which extend beyond the minimum level of constitutionally required free instruction. Students and their parents have historically contributed to the District's efforts to provide such activities, programs, and services. The District's general policy is to continue to encourage and, to the extent permitted by law, to require such student and parent contributions to enhance the educational program provided by the District.

Under the Public Elementary and Secondary Student Fee Authorization Act, the District is required to set forth in a policy its guidelines or policies for specific categories of student fees. The District does so by setting forth the following guidelines and policies. This policy is subject to further interpretation or guidance by administrative or Board regulations which may be adopted from time to time. The Policy includes a Student Fee Schedule, which provides further specifics of student fees and materials required of students for the 2022-23 school year. Parents, guardians, and students are encouraged to contact their building administration or their teachers or activity coaches and sponsors for further specifics.

# (1) <u>Guidelines for Non-Specialized Attire Required for Specified Courses and Activities</u>

Students have the responsibility to furnish and wear non-specialized attire meeting general District grooming and attire guidelines, as well as grooming and attire guidelines established for the building or programs attended by the students or in which the students participate. Students also have the responsibility to furnish and wear non-specialized attire reasonably related to the programs, courses and activities in which the students participate where the required attire is specified in writing by the administrator or teacher responsible for the program, course or activity.

The District will provide or make available to students such safety equipment and attire as may be required by law, specifically including appropriate industrial-quality eye protective devices for courses of instruction in vocational, technical, industrial arts, chemical or chemical-physical classes which involve exposure to hot molten metals or other molten materials, milling, sawing, turning, shaping, cutting, grinding, or stamping of any solid materials, heat treatment, tempering, or kiln

Adopted 7/15/2002

			pay may be denied admission to extracurricular activities supported by the class dues.
4.	Senior recognition assessment	Optional graduation activities	Participation in class activities attendant to graduation (such as being part of the composite picture, special yearbook pages, etc.) is not required in order for students to receive their high school diploma. Students who choose to participate will be required to pay the cost of the items involved in the graduation ceremony and attendant class activities. These may include the rental of graduation robes, caps, tassels, class flowers, class gift, yearbook picture page, and class composite picture. A single Senior Class Recognition Assessment, not to exceed \$50, will be assessed to those Seniors who elect to participate in such activities.
5.	Trips	Transportation, lodging, meals, admission to events, etc.	Students are responsible for costs of school sponsored trips where the trip is an extracurricular activity. The maximum costs of such trips will be \$2,000 per student. If the trip is not school sponsored, the costs of the trip are not subject to this policy and no fee waivers will apply. A trip is not school sponsored if: it is not supervised or administered by the school, attendance on the trip does not count towards graduation credit or grade advancement, and participation on the trip is voluntary for students.
